310

2019 NIIT Computer Education

Certificate in Data Analytics Applications

A+

2019–2022 Jadavpur University

B.Sc Mathematics

CGPA = 6.82

2026 Indian Institute of Data Science

Advanced Analytics & AI

8.8/10

SKILLS

- Advanced Excel
- PostgreSQL
- Tableau
- Power BI
- Python
- Scikit-Learn
- NumPy
- Pandas
- Matplotlib
- Seaborn
- K-Means Clustering
- Linear Regression
- Logistic Regression
- Random Forest
- Support Vector Machines
- XGBoost

PROJECTS

• Customer Churn Prediction Engine

This project uses machine learning to predict whether a subscription-based customer will churn or renew, helping businesses optimize marketing campaigns and improve customer retention metrics.
